

REMARKS

Claims 1, 38, 46, 51 and 59 and Cancel Claims 4, 13-37, 41, 43-45, 48, 50, 54, 56-58, 61 and 63.

In paragraph 5 of the office action, Examiner objects to Claims 4-5, 10-12, 41-42, 47-49, 54-56 and 60-62 as depending on rejected base claims. Examiner says Claims 4-5, 10-12, 41-42, 47-49, 54-56 and 60-62 would be allowable if rewritten in independent form. Accordingly, Applicant has incorporated the limitations of Claims 4, 41, 48, 54 and 61 into respective independent Claims 1, 38, 46, 51 and 59 and canceled Claims 4, 13-37, 41, 43-45, 48, 50, 54, 56-58, 61 and 63. Applicants are not conceding in this application that the Claims 1-3, 6-9, 13, 38-40, 43-46, 49, 51-53, 56-59 and 63 as presented prior to the present amendment, are not patentable over the art cited by the Examiner, as the present claim amendments and cancellations are only for facilitating expeditious prosecution of the allowable subject matter noted by the examiner. Applicants respectfully reserve the right to pursue these and other claims in one or more continuations and/or divisional patent applications. Applicant submits that the claims as amended are allowable, which allowance is respectfully requested.

As the present application is in condition for allowance, Applicant respectfully requests allowance of the application.

RESPECTFULLY SUBMITTED
